Dear Friends,

Reflecting on the past year, I am reminded of these famous words by Martin Luther King, Jr. “Out of the mountain of despair, a stone of hope”. 2020 was a historic year of crisis and uncertainty, like never before. It was also a year when humanity displayed unparalleled hope and resilience.

A couple of months after I stepped into the role of CEO and Executive Director in January 2020, The Women's Center shifted to a remote-working environment, complying with the Governor’s stay-at-home order. Simultaneously, demand for our services increased as the country went into a mental health crisis, exacerbated by months of social distancing.

Despite all the instability, one thing has not changed: The Women’s Center has continued to provide affordable, effective and quality mental health services to the greater Washington DC community.

To meet the rising demand, we pulled together and quickly converted our practice to accommodate telemedicine sessions, virtual events and remote work - all with minimal disruption.

We could not have done it without our staff, volunteers, donors and supporters, who stayed involved and carried on the support, despite their own challenges. Words cannot express how grateful we are for this unwavering commitment to our important work.

I hope this snapshot of our progress and achievements gives you a reason to be happy and if you’re new to The Center, inspires you to join our cause.

Warmest Regards,

Rachna Singal Krishnan
CEO & Executive Director
OUR 2020 HIGHLIGHTS

Transitioned to Telehealth
In the absence of in-person appointments, our clinical operations switched to telemedicine counseling appointments rather quickly. Due to this, we were able to provide 43,600 hours of direct service to 4,890 individual community members - women, men, children and families through telehealth services.

Expanded domestic violence services
We saw a pandemic within a pandemic for victims of domestic violence. As a result, there was a 40% increase in domestic violence counseling sessions.

Reached more clients with affordable counseling
We provided mental health counseling to 1,672 individuals. Of those clients, 62% received services for free or at a reduced fee.
The Women’s Center’s bimonthly, free support group, Break the Cycle, is still going strong! The goal of the group is to provide resources and information to survivors of domestic and sexual violence so they can break the cycle of abuse and to reduce stigma and isolation. We believe healing occurs in relationships.

We served 270 clients both individually and as a group. We had 23 groups meeting regularly and supporting each other in the shared journey of recovery. All sessions were held virtually starting from April 2020. Group sessions had various presenters including attorneys, trauma therapists, sleep specialists, mediators and stress-reduction specialists with topics focused on trauma, child witnesses, mediating, among others.

Group members enjoyed being connected and forming relationships with each other.

"Thank you for your help. This group is very important to me, and I am so grateful just for being heard. I was so traumatized last year especially when I contacted the police and nothing was happening because they would contact my ex to verify the information and that way I was never safe or protected. I cannot tell you how important this group is to me."

"This group was instrumental in helping me to process my experience and to realize that I was not alone in this journey. As a recent immigrant, the group provided an additional layer of social support in addition to the new friendships that I made. My advocate Allison has been a beacon of light during my recovery. Allison listened to my painful stories and helped me to see my strengths and to build on them. She also connected me to several resources that were so helpful for a survivor who was suffering from the financial abuse inflicted by my abuser."
We support survivors of domestic violence and sexual assault in their journey of understanding their emotions and healing. 826 domestic violence survivors received crisis intervention, mental health counseling, advocacy, and support in 2020.

Domestic Violence & Sexual Assault Services

In a safe, supportive environment, our clients learn to understand emotions, develop confidence, and regain control of their lives. In 2020, 1,672 community members received individual, couples, and family mental health counseling.

Adolescent Mental Health Services

Our adolescent clients learn how to navigate the complex experiences and emotions they are experiencing, in a healthy way. Last year, we were able to reach 283 adolescents with counseling sessions.

Individual & Family Counseling

We support survivors of domestic violence and sexual assault in their journey of understanding their emotions and healing. 826 domestic violence survivors received crisis intervention, mental health counseling, advocacy, and support in 2020.

Our adolescent clients learn how to navigate the complex experiences and emotions they are experiencing, in a healthy way. Last year, we were able to reach 283 adolescents with counseling sessions.

Education & Career Enrichment

Educational services offered by The Center help our community gain confidence in their skills to find paid work, achieve financial stability, navigate complicated legal processes, and achieve work-life balance, manage stress, and strengthen their ability to be resilient. 2,109 community members attended a workshop or webinar last year.

Information & Referral Services

The Center provided 7,428 individuals with important information, through our Information and Referral (I&R) and intake services. Vital information about programs for children and teens, suicide prevention, behavioral and mental health, career programs, personal and professional development, domestic violence, sexual assault, the societal stigma surrounding mental health, was provided. Callers also learned when, where, and how to turn to the Women’s Center for help.
COMMUNITY CONNECTIONS

Corporate Partners

The Center’s services continue with the support of our corporate partners who stand by and support our mission by donating funds, time, and talents. Our 34th annual Leadership Conference was supported and attended by 50 companies from the region. Corporate partners such as Deloitte, offered pro-bono financial workshops as well as financial sessions.

We are so grateful for all of our event and annual sponsors and especially for our three Patrons: CGI, Attain and Criterion.

Volunteers

In 2020, we had 62 volunteers donate 2,794 hours of their time to The Women’s Center. Whether it was taking calls for Information & Referral on a daily basis, supporting our virtual education programs, or providing administrative assistance, our volunteers kept us moving forward with their skills, time, and compassion.

“As a domestic violence victim, The Women’s Center really connected with me. I was having some flashbacks of memories one time and got really depressed. I was sitting in front of my laptop looking for volunteer opportunities and The Center popped up on my screen. Maybe it was a sign, but I am truly grateful that I have the opportunity to be a part of a community that is making a difference and supporting those who are vulnerable.”

-Sue, a volunteer
Due to COVID-19, our Leadership Conference, Ready, Reach, Rise was switched to a virtual event.

We had four pre-conference sessions and online group discussions that were offered once a week leading up to the big day on June 8th. Our Keynote speaker, Michelle Howard, 38th Vice Chief of Naval Operations, delivered a powerful and inspirational talk.

In addition, eight dynamic leaders in business, arts and media participated in panel discussions with the following titles: Writing your own Story: Pathway to Leadership and Conversations with Inspirational Leaders. We are grateful for the continuing support of our Lead Sponsor, Cisco Systems, Inc. and for the over 50 top companies that sponsored our event.

The speakers were excellent and I love how the planning committee was agile and flexible adjusting to not just COVID-19 but also with the recent unrest and civil protest.
Corinne's Story

Corinne was the Client Speaker during the 2020 Leadership Conference.

In 2007, Corinne made a life-changing trip to Hawaii. But not for the reasons you would guess. One evening, during sex with her husband, memories of being incested by her father came flooding back to her. The memory shook her to the core; she was confused, overwhelmed and in shock. Nothing could have prepared her for the secrets that were stored in her body from childhood incest.

Corinne was desperately looking for answers, which she sought from a few chosen family members. When she did this, she was rejected and thought to be a liar; relationships were severed and even her husband was contemplating leaving the marriage. Without a safety net, Corinne found herself on the edge of a nervous breakdown. She was terrified and became convinced that her parents would swoop in and take her children away from her. She had no idea where to begin to find help.

It was around this time that she called The Women’s Center and was connected to two therapists who helped her on a path of healing, strength and resilience. She began attending a support group every Monday night as well as taking counseling sessions. As she started to give words to what happened to her, she had a more profound understanding of the way she was processing her emotions and was determined to heal— for herself, her children and her children’s children.

Today, Corinne is strong, resilient, thriving and free. She runs an organization called “Resilience For Life” and has helped teens, young adults, adults and families help manage stress, overcome obstacles, improve relationships and live healthier, more authentic lives.

“Through the support I received at The Women’s Center, I found the strength to persevere; to make a choice to go on; to heal; to live another day; to somehow create good out of the unthinkable. My time at the Women’s Center was truly transformational!”

The Women's Center // 2020 Annual Impact Report
2020 FALL BENEFIT

Our "Fall Benefit, Building Resiliency Together", was held virtually on October 17, 2020. A video montage of several of the Center’s clients shared their emotional journeys and how The Women’s Center assisted in their healing.

The Center also honored Roger Krone, Chief Executive Officer of Leidos, with the Community Champion for Mental Health award. Several bands performed before Toni Townes-Whitley, lead a compelling Call to Action.

The Women’s Center is grateful to our sponsors, especially to Leidos our Lead Sponsor; Founding Patron Sponsor, CGI Federal; and our Patron Sponsors, Attain, and Criterion Systems. It is because of the great support of our donors and sponsors that The Women’s Center is able to continue to offer accessible and affordable services to our community and promote mental health well-being in 2021 and beyond.

“Attain Partners looks forward every year to this special celebratory evening. We enjoy building and strengthening connections with other supporters who share our passion for championing the advancement of mental health for all.”

- Greg J. Baroni, Founder and CEO, Attain Partners
2020 FINANCES

Our revenue has increased by $875,000 compared to 2019. We really appreciate everyone who responded to our emergency appeals that greatly contributed to this increase.

Revenue: $5,077,672.29

- Program Fees: 42.2%
- Government Grants: 24.9%
- Corporate Sponsorships: 10.8%
- Foundation & Individual Support: 10.4%

The Women's Center
// 2020 ANNUAL IMPACT REPORT
2021 So Far

2021 brought a number of changes in pandemic-related guidelines and directives which led us to change the way we had been operating in 2020. As of September 2021, the following are the most significant updates you should be aware of:

Expanded Adolescent Mental Health Services

In 2020, The Women’s Center saw a 21% increase in demand for teen counseling sessions. Realizing how devastating the impact of the pandemic was on young people, we reached out to donors and corporate partners to help us expand our Adolescent Mental Health Program. Earlier this year, we received a three-year grant from the Virginia Health Care Foundation, the Fran Craig Grant from Unanet and a donation by an anonymous donor- all of which has enabled us to hire additional therapists and provide augmented services for our teen clients.

Resumed in-person services

Starting June 2021, we have resumed our in-person services. We have taken extra precautions such as increased cleaning of high-touch areas, providing wipes and hand sanitizers, etc. Clients can choose between in-person and virtual services for their sessions.
There are several ways that you can get involved with The Women’s Center. The Center is able to provide accessible mental healthcare through the generous support of our donors, sponsors, and volunteers. Here is a list of ways you can be involved in providing accessible mental healthcare to your community.

Click any items below to support The Women’s Center:

- Make a one-time donation
- Become a monthly sustaining donor by joining the Circle of Care
- Become a volunteer
- Give a gift of stock
- Make a donation with your donor-advised fund.
- Find out if your employer has a gift-matching program.
- Become an Annual, Fall Benefit, or Conference Sponsor
- Join our Legacy Society by naming The Women’s Center in your estate plans

To learn more about the ways you can get involved, visit our website: TheWomensCenter.org

“The Women’s Center touches the lives of many people in our community when they need help; some for a short time, others longer and some needing help unexpectedly. All are better off because of the excellent support services The Center provides.”

-Timothy Hurlebaus, President, CGI
